Sir:

RESPONSE TO RESTRICTION REQUIREMENT

In response to the Restriction Requirement issued March 1, 2011, the due date having been extended one month by a Petition for Extension of Time, Applicant hereby elects Group II, claims 6-10, with traverse.

It is respectfully submitted that the subject matter of each of the designated inventions is sufficiently related that a thorough search for the subject matter of each of the designated inventions would encompass a search for the subject matter of the remaining designated inventions. Thus, it is respectfully submitted that the search and examination of the entire application could be made without serious burden. See MPEP §803 in which it states that "if the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits, even though it includes claims to distinct or independent inventions." It is respectfully submitted that this policy should apply in the present application in order to avoid unnecessary delay and expense to Applicant and duplicative examination by the U.S. Patent and Trademark Office.

Atty Dkt: 5326-13 Serial No. 10/550,007

Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 14-1140 and please credit any excess fees to such deposit account.

Respectfully submitted,
